Dike & Drain	Not in a Dike or Drain District	Dike #3 (TCA 113)	Not in a Dike or Drain District	Not in a Dike or Drain District	Not in a Dike or Drain District

NOTE: Dike and Drain Districts are Benefit Assessment Districts (BAD) ONLY. When their boundaries are wholly within another tax code area, they are designated by simply adding a "3" to the end of that tax code area, unless there are more than one in that particular tax code area. These parcels have no regular or special levy authority and the assessments are not subject to the same limitations.

All Benefit Assessment Districts and certain exemptions are typically defined by the third digit of the Tax Code Area. Due to additional Benefit Assessments, the 3-digit tax code area is no longer sufficient. The Assessor is in the process of expanding the Tax Code Area to 5 or 6 digits .

TAX CODE AREAS in Island County 2009

	CAMANO ISLAND TAX CODE AREAS			TAX CODE AREA ANOLMOLY
TAX CODE AREA and Defining District	590 Camano Mosquito District	670 Exempt From Camano Mosquito District Benefit Assessment Only	690 Exempt From Camano Mosquito District Benefit Assessment Only	<p>NOTE: Camano Island Mosquito Control District is in the Tax Code Areas 570 & 590. However, to prevent parcels that had been administratively divided or were exempt from the Mosquito Control assessment from being assessed twice or from paying the assessment if they were exempt, Tax Code Areas 670 & 690 were created. These tax code areas can not be mapped as they represent individual parcels within the district that are subject to the same levies as TCA 570 & 590.</p> <p>This procedure was necessitated by the inability of the current computer program to track and separate these parcels in the conventional way, i.e. by exemption codes.</p> <p>This deviation from the rules that were designed to create tax codes to identify taxing districts has resulted in errors in input and requires that the assessor regularly run queries to detect problem codes.</p>
