### TAX CODE AREAS in Island County

	CAMANO ISLAND TAX CODE AREAS			TAX CODE AREA ANOLMOLY
<b>TAX CODE AREA and Defining District</b>	590 Camano Mosquito District	670 Exempt From Camano Mosquito District Benefit Assessment Only	690 Exempt From Camano Mosquito District Benefit Assessment Only	<p>NOTE: Camano Island Mosquito Control District is in the Tax Code Areas 570 &amp; 590. However, to prevent parcels that had been administratively divided or were exempt from the Mosquito Control assessment from being assessed twice or from paying the assessment if they were exempt, Tax Code Areas 670 &amp; 690 were created. These tax code areas can not be mapped as they represent individual parcels within the district that are subject to the same levies as TCA 570 &amp; 590.</p> <p>This procedure was necessitated by the inability of the current computer program to track and separate these parcels in the conventional way, i.e. by exemption codes.</p> <p>This deviation from the rules that were designed to create tax codes to identify taxing districts has resulted in errors in input and requires that the assessor regularly run queries to detect problem codes.</p>
