* Newly Annexed Code District

** New Construction is already included in the Taxable Assessed Value and is noted here for informational purposes only.

The timber value is no longer included as part of the taxing district assessed value other than for computing bonds, excess levies, and school district levies.

Chapter 204 Laws of 1984 require that the full TAV (timber assessed value) be added only to assessed value used to calculate voted bonds/special levies/excess levies.

To compute bond levies, the full TAV will be added to the taxable assessed value for the bond levy. To compute school Maintenance and Operation levies ½ TAV or the 80% Timber Roll, whichever is greater, will be added to the levy's

* Newly Annexed Code District

** New Construction is already included in the Taxable Assessed Value and is noted here for informational purposes only.

The timber value is no longer included as part of the taxing district assessed value other than for computing bonds, excess levies, and school district levies.

Chapter 204 Laws of 1984 require that the full TAV (timber assessed value) be added only to assessed value used to calculate voted bonds/special levies/excess levies.

To compute bond levies, the full TAV will be added to the taxable assessed value for the bond levy. To compute school Maintenance and Operation levies ½ TAV or the 80% Timber Roll, whichever is greater, will be added to the levy's

* Newly Annexed Code District

** New Construction is already included in the Taxable Assessed Value and is noted here for informational purposes only.

The timber value is no longer included as part of the taxing district assessed value other than for computing bonds, excess levies, and school district levies.

Chapter 204 Laws of 1984 require that the full TAV (timber assessed value) be added only to assessed value used to calculate voted bonds/special levies/excess levies.

To compute bond levies, the full TAV will be added to the taxable assessed value for the bond levy. To compute school Maintenance and Operation levies ½ TAV or the 80% Timber Roll, whichever is greater, will be added to the levy's

** New Construction is already included in the Taxable Assessed Value and is noted here for informational purposes only.

The timber value is no longer included as part of the taxing district assessed value other than for computing bonds, excess levies, and school district levies.

Chapter 204 Laws of 1984 require that the full TAV (timber assessed value) be added only to assessed value used to calculate voted bonds/special levies/excess levies.

To compute bond levies, the full TAV will be added to the taxable assessed value for the bond levy. To compute school Maintenance and Operation levies ½ TAV or the 80% Timber Roll, whichever is greater, will be added to the levy's
