Oak Harbor Airpark, the South Whidbey Airpark, and the Camano Airpark are general aviation facilities and are identified on the attached map. Ault Field and OLF Coupeville are tactical military jet aircraft facilities and are also identified on the attached map. Both Ault Field and OLF Coupeville are used for Field Carrier Landing Practice (FCLP) purposes. Practice sessions are routinely scheduled during day and night periods.

Property in the vicinity of Ault Field and OLF Coupeville will routinely experience significant jet aircraft noise. As a result airport noise zones have been identified in the immediate area of Ault Field and OLF Coupeville. Jet aircraft noise is not, however, confined to the boundaries of these zones.

Additionally, the noise generated by the single flyover of a military jet may exceed the average noise level depicted by the airport noise zones and may exceed 100 (one-hundred) dba.

More specific information regarding airport operation and aircraft noise can be obtained by calling the Community Planning Liaison Office at NAS Whidbey Island and the Island County Planning and Community Development Department.
