

ISLAND COUNTY PLANNING COMMISSION  
OAK HARBOR HIGH SCHOOL  
PARKER HALL  
950 NW 2<sup>ND</sup> AVENUE  
OAK HARBOR, WASHINGTON  
**6:00** P..M. TUESDAY, AUGUST 8, 2006

AGENDA

- A. Roll Call
- B. Planning Director's Report
- C. New Business – Public Meeting

Dr. Paul Adamus will be presenting the Phase I Wetlands Report to the Planning Commission and public. Dr. Adamus is a wetland biologist who has been retained by Island County for the purposes of assisting Planning and Community Development in reviewing and updating its wetland regulations. The Phase I report is the first of 3 reports that Planning & Community Development will be preparing and presenting with Dr. Adamus' assistance. The Phase I report provides a description of wetlands in Island County and their general health. The report was prepared over the course of the last 12 months and is based on a scientific literature review, computer based modeling, and field surveys of more than 100 wetlands in Island County. Phase II and III are currently being prepared and will be presented at a later date. Phase II and III will consist of a review of the best available science as it pertains to wetlands and a review of existing wetland regulations and, if necessary, recommendations for amending the regulations.

- D. Adjourn
